RE: Portland Cement Company of Utah, Little Mountain Limestone,
ACT/045/005, Tooele County, Utah

On Thursday, December 13, 1984, Tom Munson and Steve Cox met with Dwayne Whiting of Ch2M Hill and Jim Lake of Portland Cement to discuss the questions raised regarding the Little Mountain mine plan review.

I was agreed that they could respond adequately to the Division's concerns expressed in a letter sent to Mr. E. S. Gallacher of Portland Cement Company of Utah on August 28, 1984. Each point expressed in this letter was discussed and Mr. Whiting was told if he had any further questions to contact specific people at the Division.

They plan to wrap up this review by the end of the year.
